

src/PointerArray.cpp

```
graph TD; A[src/PointerArray.cpp] --> B[iostream]; A --> C[stringstream]; A --> D[string];
```

A diagram illustrating the dependencies of the file `src/PointerArray.cpp`. The file is represented by a gray rectangular box at the top. Three blue arrows originate from the bottom of this box and point downwards to three separate white rectangular boxes arranged horizontally below it. The boxes are labeled `iostream`, `stringstream`, and `string` from left to right, indicating that the source file includes or uses these standard library components.

iostream

stringstream
